ENGINEERING AMAZING WINDOWS® 10
EXPERIENCES POWERED BY INTEL® PROCESSORS

Intel and Microsoft* have changed the way we interact with technology. Intel and Microsoft software engineers worked to reimagine the computing experience, making interactions with our devices more personal and more intuitive, including:

**SIMPLE, SEAMLESS CONNECTION WITH NO WIRES**
Enabling automatic wireless docking so your enterprise device can connect effortlessly with displays and USB peripherals.

**GETTING PERSONAL WITH WINDOWS® HELLO**
Improving performance so you can quickly unlock your device by scanning your face or eyes with Intel® RealSense™ cameras.

**CONNECTING WITH CORTANA**
Ensuring your voice-activated personal assistant is responsive and energy-conscious.

**GAMING WITH MICROSOFT EDGE**
Bringing new parallel processing capabilities to the browser to enable amazing web-based game and video performance.

With Windows 10, Intel and Microsoft are advancing what's possible... so that you can have more amazing experiences with your technology.

**INTEL INSIDE®. EXCEPTIONAL EXPERIENCES OUTSIDE.**
